## Why A Christian Education?

- The Bible commands it for God's children
- To protect children from instruction that could cause them to err
- To help develop an appetite for true knowledge & wisdom
- To help develop godly character
- To prevent our children from being taught by non-Christians
- To prevent the teaching of vain philosophies
- To endeavor to teach our children to walk with God
- To teach our children that their heritage and their future are in God and the Bible
- Children are entrusted to the parents by God, not by civil government.
- To allow the parent's to retain control of their children's education

A Christ centered education is a plus at B.S.C.A.

Each staff member is a believer in Christ, attends His church, and is in His calling upon his life. They are charged with helping the parent, the Pastor, and the administration with offering their best to each child, and in helping to provide an education that will honor Christ.

We do offer a high standard of academics that will encourage students to think clearly, logically, and independently. We endeavor to instruct children in spiritual matters as they are set forth in the Bible. We seek to build character through the use of consistent application of Biblical principles and constant Christian discipline. This, the Bible teaches us, will enable them to live upright, stable, productive lives.

**Proverbs 22:6 says, "Train up a child in the way he should go and when he is old, he will not depart from it." Teaching is training. Training for life must include training for eternity.**

## Our PHILOSOPHY

We believe that Balch Springs Christian Academy exists to assist parents in the training of their children, not to replace the parents. However, we want each parent to be fully aware of our philosophy.

Balch Springs Christian Academy has been established as a part of the educational ministry of Seagoville Road Baptist Church. We believe that it is our obligation to train our children academically as well as spiritually. It is our desire to train Christian leaders.

All subjects taught in school are taught within the framework of God's Word. The core classes taught are essential in developing successful Christian leaders. With God's help, we will guide the students to competent performance and for those who desire it, mastery of these subjects. In keeping with our philosophy, we will encourage all our students to attend fundamental, Bible believing colleges, universities, and institutes.

## Our goals are

- To work with a small number of dedicated, motivated staff that will endeavor to be a proper example to students in all areas of life.
- To be an extension of our church and the Christian home.
- To seek to lead each student to Christ, first for salvation, and then for His source of guidance and strength in all areas of his life.
- To provide and maintain an environment that will be most effective in the continuing, purposeful, Biblical training of the child.
- To provide an environment of academic excellence.
- To provide each student with the opportunity to achieve his goal and excel.
- To teach loyalty, love, & respect and defense of our home, families, churches, communities, our country, and its symbols. We seek to unite the home, church, and school.
